At Cat's Whiskers we believe in a proactive, preventive approach to your cat's healthcare. We know how important your cat's health is to you and we want to help you keep them happy and healthy for longer. This is why we have designed these Pet Health Plans.

A Pet Health Plan makes it easy for you to protect your cat and your family against preventable diseases and discomfort by making sure your cat's vaccinations, parasite control and general health are all up to date. Regular check-ups and early diagnosis of any potential health issues will help your cat enjoy a long, comfortable life, whilst saving you money and worry too.

Pet Health Plans are not cat insurance: Pet Health Plans include the regular things – like vaccinations, flea, worm and parasite treatments, health checks and advice in an easy monthly payment plan – the things that cat insurance generally doesn't cover. However young or old your cat, a Pet Health Plan is designed to adapt to your cat's needs, from kitten to adulthood and throughout its senior years.

A Pet Health Plan is a simple and affordable way to get all of the preventive care that our practice recommends for your cat.

We have teamed up with Denplan Pet Health Plans, who will collect your Direct Debits on our behalf and take care of the administration of the plans. This frees us to concentrate on looking after your cats.
